Don’t sit and wait for freedom to land in your lap. Reach out and grab it by choosing the all-new Mirada by Coachmen. Whether you want to relax with your family on the weekends or travel the country, the Mirada will allow you to experience freedom on a whole new level.

TAKE LIFE BY THE STEERING WHEEL.
It’s the details that separate the ordinary from the exceptional. And the Mirada is packed with features that set it apart from others in its class.

A full fiberglass body available in three sharp designs. Large, roomy floor plans that provide unrivaled comfort. Smart, affordable options that enhance the whole experience.

It all adds up to an exceptional motorhome—at an exceptionally affordable price.

**Features:**

- Newly redesigned front end for a sleeker, more aerodynamic look
- A 20,500-lb. or 22,000-lb. chassis (depending on model) means durability and toughness
- Full basement featuring pass-through storage for oversized and outdoor gear
- Upgraded heavy-duty power step for more secure entry
- Upgraded exterior power-heated chrome mirrors
- Optional outdoor kitchen and entertainment center featuring a grill with quick LP connect and a 32” TV with DVD player
- Optional side cameras and frameless tinted windows
- One-piece radius fiberglass roof for added strength and durability
STEP INSIDE, RELAX, AND ENJOY THE VIEW.

You may be on the road to see the great outdoors. But when you own a Mirada, the view inside is pretty stunning, too.

The sights include a fully loaded, well-appointed kitchen, a spacious living area with a 39” LCD TV, an attractive dinette, and beautiful cabinetry available in spiced or honey glazed maple.

Although it’s full of great amenities, you’ll never feel cramped in the Mirada. Its sprawling floor plans ensure comfort and ease of movement, from the cockpit to the bedroom.

Features:

• Solid surface kitchen countertops match thermofoil surfaces throughout the rest of the coach for a consistently attractive look
• Stainless-steel kitchen sink features telescoping faucet for ease of use
• Optional stainless-steel appliance package and vinyl tile floor (featured in photos)
• An optional power drop-down bunk provides additional sleep capacity
DRIVES LIKE A DREAM.
SLEEPS LIKE ONE, TOO.

The Mirada bedroom is designed for pure relaxation. One floor plan even includes a king-sized bed, an upgraded feature not typically available in this class. Storage is plentiful—there’s even some behind the 32” LCD TV. The bathroom is practical and stylish, featuring a glass shower door, a stainless-steel sink, and a porcelain toilet with a foot flush for added convenience.

Finally, you have the freedom to choose the floor plans, wood colors, and fabric colors that best suit you, so you can make the Mirada truly your own.
Available in four floorplans, two interior wood color selections, and three interior fabric selections, you can customize the Mirada to suit your personal needs and style.

The end result? A motorhome that makes you feel right at home, no matter where you are.

**GVWR (Gross Vehicle Weight Rating):** The maximum permissible weight of the unit, including the unloaded vehicle weight (UVW) plus all fluids, cargo, optional equipment and accessories. For safety and product performance, do not exceed the GVWR.

**GCWR (Gross Combined Weight Rating):** The maximum total weight of the loaded unit, plus a tow vehicle. This includes the weight of both the unit and tow vehicle. Fuel for each, all other fluids, cargo, occupants, optional equipment and accessories.

**Important Note:** All capacities are approximate, and all dimensions are nominal. Coachmen motorhomes are designed to allow for a wide variety of uses, extended trips with two people or short trips with multiple people. Accordingly, each unit allows ample room for sleeping, seating, fluids and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo, load, and tow vehicle without exceeding the chassis weight capacities. Consumer may need additional braking capacity to tow loads greater than 1,000 pounds.

Seat belts should always be worn for passenger safety. Seat belts are provided at most locations to allow convenience in selecting which seat to occupy. However, it is not intended that all seating positions equipped with a seat belt may be occupied while the vehicle is in motion, without regard to other weight factors.

All Coachmen motorhomes are designed to ensure that the number of passengers allowed while the vehicle is in motion will always at least equal the stated sleeping capacity. Though extra seat belts may be provided, for your safety and the proper operation of your vehicle, limit your passengers to the number allowed by the Net Carrying Capacity of your vehicle.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Coachmen reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Coachmen dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
