THE EASIEST WAY TO GET UP & GO

Viking tent-style, pop-up hybrids feel much bigger inside, with a rear entry for easy access. Unlatch, and the struts automatically lift the roof into position. Durable, lami-plast exterior walls and roof skin maintain structural integrity and can withstand the test of time.

Express delivers a lot of comfort features including a 5,000 BTU air conditioner and a 20,000 BTU furnace plus, unlike traditional teardrop models, you can stand upright and walk around in the living space. These models are lightweight, and easy to tow by most cars, crossovers, and small SUVs.

**EXTERIOR**

- 5” Tube Frame
- Reinforced Diamond Plate Front Deck
- 4000 Lb. Heavy Duty Torsion Axle for Heavy Cargo Capacity
- Heavy Duty Construction Sets V-Trec Apart
- Keep the Good Times Roll!
Viking’s one-piece, 5/8” floor structure is stronger than the industry’s standard 1/2”. Automotive undercoating protects from the elements.

Congoleum residential grade Diamondflor with 100% adhesion adds beauty and durability indoors.

1-1/4” Laminated Insulated Bunkends
- Two times thicker than others
- Solid wood, steel reinforced frame, with 1” thick high density foam, and laminated wood panels top and bottom
- More stable bed end vs. chipboard or spliced plywood
- Insulation improves comfort and warmth

4” E-Z Sleep Mattress

2-1/4” Insulated Bunkends
- More stable bed end vs. chipboard or spliced plywood
- Insulation improves comfort and warmth

Competitors

The four heavy duty scissor-style stabilizing jacks extend and retract easily using your cordless drill and the provided drill bit.

This exclusive “Glide-N-Lock” cable supported bed system eliminates the need for support poles under the beds. Simply pull out the bed, click and it’s locked into place.

The E-Z Swing Stepper Door with hydraulic assist, operates in seconds and provides the largest, most stable step platform in the industry.

Convenient Bottle Opener

Pass-through storage and outside shower

Black tire rim

Reversible Gaucho Cushion

LED bunk end fan lights

The Goshen Stamping double-wide lifter system offers strength, stability and increased wind resistance. (Limited lifetime warranty)

Powerful Fantastic power roof vent moves air like no other. (N/A LS models)

The easy-to-use dual drive winch and drill bit, with your cordless drill, raises or lowers the roof in under 30 seconds. A manual crank is also provided.
ULTRA LIGHT CAMPING TRAILERS

EXCLUSIVE FEATURES

1. One Piece Seamless Fiberglass Skin
2. Lauan Plywood Underlayment
   No one else includes the extra wood layer between the top skin and internal foam that provides stiffness and reduces the probability of damage due to hail, road debris, etc.
3. Foam Insulated Roof Structure
4. Vinyl Coated Ceiling
   Easy to clean and minimizes interior condensation
   • Roof vent is placed off to the side so the A/C can be center-mounted without having to remove the vent. This design allows you to have both the vent and A/C.

Wide Trac Suspension
Better safety and stability on the road.
• Widest stance of any folding camper
• Improves towing safety and stability
• Stronger axle beams than most competitors
• Steel frame with E-coat protection

Camping Made Easy

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

Camping Made Easy

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.
